# Message from the Chief Executive Officer (CEO)

Metro wants to be the first choice for transportation among Los Angeles County residents and visitors, a heavy lift in Southern California, which is notorious for its car culture. While our ambitions are great, they are essential as we seek to reduce our carbon emissions and become a more environmentally sustainable community, so we are doing the hard work necessary to earn your confidence and patronage. To all our riders, thank you for trusting us to get you where you need to go across Los Angeles County.

Metro's proposed FY25 budget reflects our commitments to equity and fiscal discipline while making the investments needed to ensure we can provide a safe, clean, comfortable, reliable, and easy ride for everyone who goes Metro. Everything we do, from implementing the nation's most extensive capital improvement program to running the US's second busiest transit system, depends on the hard work of the more than 11,200 members of the Metro family, each of whom plays a vital role in the success of transit in Los Angeles County.

In last year's budget, we made significant investments in frequency, reliability, cleanliness, and safety, and we provided needed resources to advance our capital projects to provide more and better transit service to all Los Angeles County residents. Those investments helped boost our ridership by 10.2% in the first three-quarters of FY24 compared to FY23. This year, we are doubling down on those commitments to welcome more riders back to our system and provide a better transit experience than ever before.

Metro's proposed \$9.0 billion budget for FY25 is 4.3% lower than in FY24, mainly due to the conclusion of two major capital projects: the initial operating segment of the K Line in south Los Angeles and the Regional Connector in Downtown Los Angeles. While these projects allowed us to reduce capital allocated to construction, the operation of these new parts of our rail system necessitated an increase in funding to operations to ensure their successful performance.

In FY25, we will complete another major project, the Airport Metro Connector, which is expected to open in the fall of 2024. The Airport Metro Connector project enables a new operating plan for the C and K Lines that will allow us to boost frequency to 8 minutes in the peak periods and 10 minutes off-peak, matching service frequencies on the A and E Lines that have been in effect since December 2023.

In addition to the Airport Metro Connector, other major Metro projects will move closer to completion. The FY25 proposed budget allocates resources for testing and pre-revenue service on the D Line Subway Extension Phase 1 and the Foothill A Line Extension to Pomona. We will also open Segment A of the Rail-to-Rail Active Transportation Project in FY25, providing better active transportation connections between the K, J, and A Lines in south Los Angeles. These projects will enhance customers' experience while on the system and getting to our system.

The safety of Metro's riders and employees will continue to be our top priority, and the proposed FY25 budget expands upon our successful multilayered public safety strategy,

driving crime down on our system. In the proposed budget, Metro has allocated resources to hire 53 more Transit Security Officers (TSOs) to protect our customers and employees and enforce the Metro code of conduct, especially on weekends and late nights. We will also continue implementing our TSO Bus Riding Teams program to help keep our operators and the millions of Angelenos who ride the bus safe. We will enhance our investments in Metro Ambassadors as we prepare to move the program in-house and make Ambassadors permanent represented Metro employees. We will continue investing in homeless outreach services, mental health outreach, and Community Intervention Specialists to ensure we are deploying the right resources to address issues on our system.

In addition to these investments, Metro will take additional steps in FY25 to ensure the safety of our bus operators. Bus operator assaults have been rising nationally, and Metro's operators have not been spared from this trend. Between 2019 and 2023, bus operator assaults on Metro rose 74 percent, and 90 percent of incidents since 2023 occurred despite the use of the current bus operator compartment barriers. In April 2024, Metro's Board authorized the Agency to implement emergency procurement processes, allowing us to quickly implement new bus operator compartment barriers that fully enclose our bus operators to help keep them safe. These new bus barriers are being produced in-house by Metro's maintenance department and will be made from a tempered glass material with a special coating to reduce reflection. Metro will install these retrofit barriers on the entire bus fleet by the end of 2024.

The cleanliness of our vehicles and stations continues to be a top priority of our riders, and we will do even more in FY25 to ensure that our system is as clean and welcoming as possible. The FY25 proposed budget contains resources to hire 165 more custodians and facilities maintenance employees to support our cleaning efforts, including up to 50 part-time custodians hired through our Room-to-Work Program that supports unhoused riders and other individuals with career opportunities with our Agency. We will also augment our daily bus and rail cleaning regimens and add dedicated custodial staff at the 17 busiest rail stations to ensure they are always ready to welcome our riders.

Related to safety and cleanliness, the proposed FY25 budget also calls for expanding our efforts to improve the station experience on our rail system. Metro's station experience improvements at our Westlake/MacArthur Park station have led to a decrease in crime, a decrease in fare evasion, and an increase in paid fare entries at that station. In FY25, we will expand those efforts to more stations: Pershing Square, Compton, Firestone, Harbor Freeway, Lake, Norwalk, and Pico. We will improve lighting, ventilation, cameras, elevators, and fare gates at these stations and add new self-service restrooms to ensure people can ride Metro comfortably.

Like last year, all these investments focus on putting people first. The FY25 Budget listens to our customers and invests in the areas they want us to address the most. As we look forward to hosting the FIFA World Cup and the NBA All-Star Game in 2026, the Super Bowl in 2027,

**Message from the CEO**

**FY25 Proposed Budget Book**

and the Olympic and Paralympic Games in 2028, each of these investments will help us deliver a world-class transit system for the residents of and visitors to Los Angeles County. The investments will help us be ready for those events as well as making legacy improvements that will benefit Angelenos long after all those activities are over.

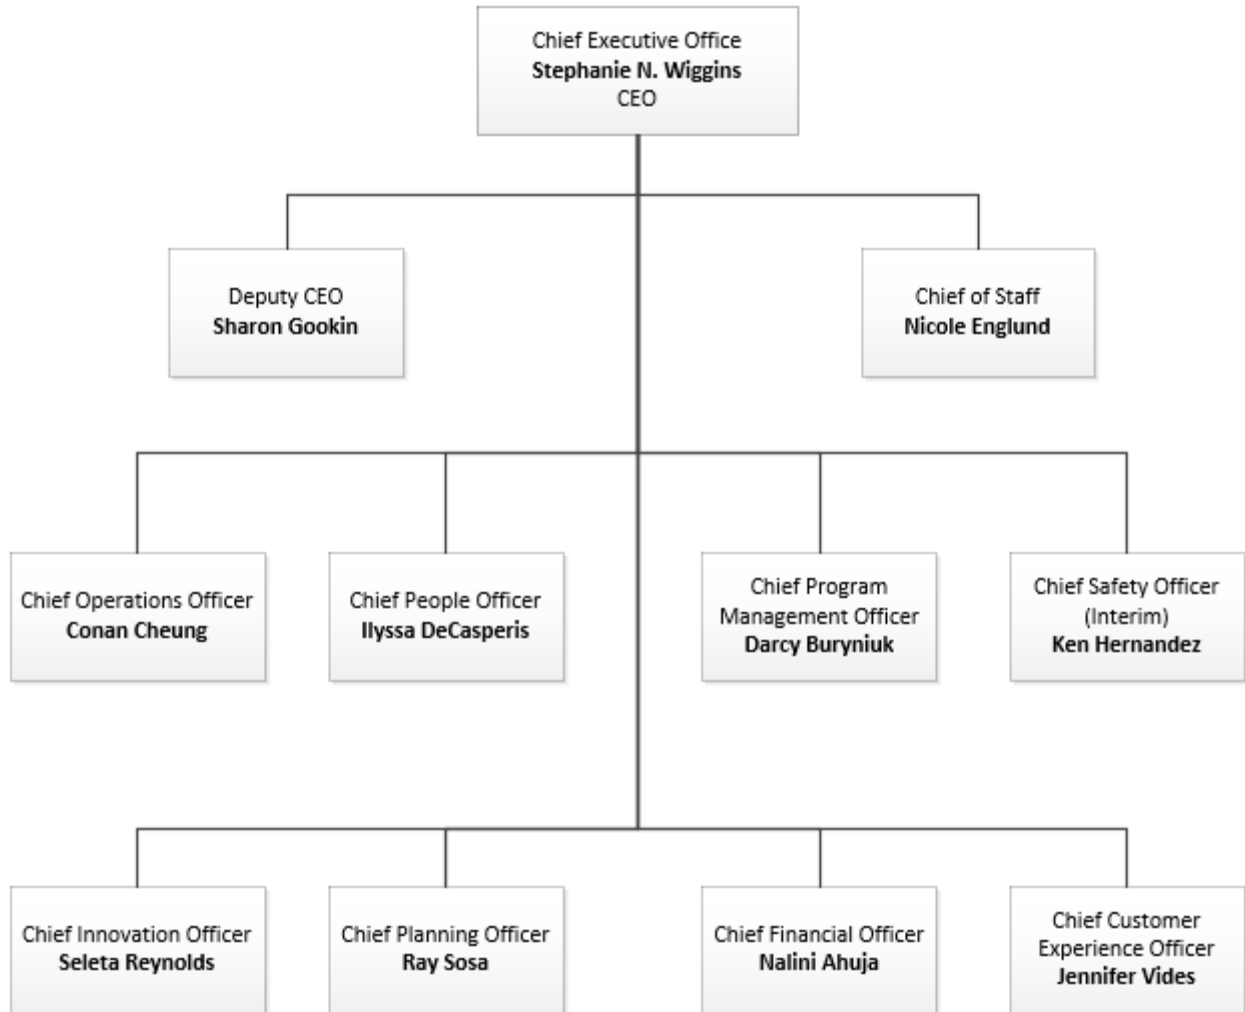

Thank you for going Metro and helping us deliver a transit system that puts people first!

With gratitude,

Stephanie N. Wiggins  
Chief Executive Officer

# Organizational Chart

# Budget Introduction

The proposed \$9.0 billion budget for FY25 is balanced and focused on a service plan to support system expansion, maintain assets in a state of good repair, and resume Metro's core business of planning, operations, and construction activities. This year's budget kicked off with an enhanced and expanded public engagement incorporating comments received throughout the budget development process, including the My Metro Budget interactive tool. Metro's FY25 Proposed Budget represents a 4.3% decrease over FY24. The decline in capital expenses is attributed to several projects nearing completion and the recent openings of the K Line and Regional Connector, resulting in reduced cash flow requirements. Operating expenses increased with continued investment to attract and retain riders by continuing NextGen service improvements, enhancing customer experience in station improvements, safety, and cleanliness, and making transit accessible and affordable.

Metro has developed a culture focused on equity, fiscal discipline, and cost mitigation. Metro will continue preserving sound financial planning to implement transit capital investments and operating plans. Metro faces budget challenges with revenue shortages, escalating operating costs, rail system expansion and operation, and new initiatives to make the system clean, safe, and reliable. Metro will continue to identify mitigation strategies to help address current and future challenges while strengthening cost controls through the Equitable Zero-Based Budget (EZBB) process.

The EZBB process continues to drive this year's annual budget development as a cost control tool that integrates an equity lens to develop a fiscally responsible budget. This budget facilitates a collaborative approach across Metro's departments. Incorporating the feedback from Metro's expanded budget public outreach efforts, every department aligns on strategic priorities. It allocates resources based on Metro's mission, core focuses, and Agency strategic imperatives.

## Equity

Metro continues to assess equity in our annual budget, from multi-year projects to geographic impacts to operating expenses. Budget equity starts with defining and measuring the outcomes of Metro's investments and using this information to make financial decisions that benefit those facing the most significant barriers to access opportunities and economic mobility.

Metro staff applied the Metro Budget Equity Assessment Tool (MBEAT) to their budget development for a fourth consecutive fiscal year. The MBEAT helps identify and assess potential benefits and harmful impacts of projects, particularly for Black, Indigenous, and People of Color (BIPOC), people with low incomes, people with disabilities, and other marginalized or vulnerable groups. The MBEAT aims to identify and prioritize funding for projects that prevent or reduce harm and maximize the benefits for those most in need.

Early results validated the broad and diverse scope of Metro's work and the opportunity to customize budget equity assessments further to capture the Agency's vast portfolio. The Equity Focus Communities (EFC) Budget Assessment was used to identify FY25 investment opportunities using the 2022 EFC map. Metro established an FY23 EFC Proposed Budget Assessment baseline that showed a little over two-thirds of Metro's budget benefits EFCs, with approximately a quarter of the budget providing targeted benefits that intentionally prioritize EFCs and marginalized communities. The FY25 EFC Proposed Budget Assessment results showed that 73.6% of the budget benefits EFCs, with 28.0% providing targeted benefits to EFCs.

After multiple years of applying the MBEAT and EFC Budget Assessment to Metro's budget development process, staff is still working to assess the efficacy of these tools further to prioritize equity in Metro's budget decision-making and practices. Equity is an iterative process that advances toward a longer-term goal of fair and just outcomes that are not influenced by one's identity, station, or demographic group. In this spirit, budget equity efforts at Metro strive each year to reflect better the values and needs of the people of Los Angeles.

Building upon Metro's budget equity principles, staff further developed strategies to advance equity in their FY25 budget development.

#### Equity Principles Highlights

1. Prioritize programs and services that benefit the most disadvantaged geographies and people to reduce or close racial, economic, and gender equity gaps (Focus and Deliver).

The FY25 Proposed Budget funds several programs and services that directly benefit or disproportionately serve marginalized communities and help to reduce equity gaps. For example, the FY25 budget includes \$25.2 million for Multidisciplinary Teams (MDTs), partnerships with the Los Angeles County Department of Mental Health Services (DMH) for mental health crisis response teams, short-term shelters, and a social work internship program. The budget also includes \$8.7 million to replenish grant funds for the Business Interruption Fund, which provides financial assistance to small and micro businesses in specific corridors impacted by transit rail construction. The program aims to help small businesses thrive throughout construction and post-construction. There is also \$34.3 million for the Low-Income Fares is Easy (LIFE) program, which provides transportation assistance to low-income riders in Los Angeles County when used on Metro or any of the 13 participating transit agencies. Additionally, there is \$9.9 million for expanding the Westlake MacArthur station experience program to other stations, including Pershing Square, Compton, Firestone, Harbor Freeway, Lake, Norwalk, and Pico stations. The program improves lighting, ventilation, fare gates, cameras, elevators, and restrooms to enhance safety and the customer experience.

## Equity

## FY25 Proposed Budget Book

2. Authentically engage community residents and organizations to inform and determine interventions (e.g., policy and program) and investments (Listen and Learn).

The budget funds several activities that help Metro more authentically engage community residents and determine the right interventions and investments to support them. This includes \$0.2 million to support continued implementation of the Community Based Organization (CBO) Partnership Strategy, including training for CBOs and engagement events to increase CBO database registrations and, ultimately, partnerships. This does not include the funds in various project budgets to support partnerships with CBOs on engagement and project development.

3. Use data to effectively diagnose equity problems, communicate issues, and support timely assessment of progress at the correct geographic scale (Define and Measure).

The FY25 Proposed Budget also funds critical projects to help identify equity gaps and assess progress. For example, the budget includes \$1.3 million between the Short-Range Transportation Program and the Urban Greening Grant Program. The SRTP will use data effectively to understand and communicate regional county equity problems. The Urban Greening Grant program will engage with CBOs and select community stakeholders to help shape the program. The budget also includes \$0.3 million for the 2025 EFC Map update and developing a data toolkit to help staff understand critical topics such as environmental justice and land use, healthy food access, and jobs and economic opportunity.

# Budget Summary

## Transit Infrastructure Development (TID)

The Transit Infrastructure Development (TID) Program delivers rail expansions and rapid bus routes identified in the Measure R and Measure M Ordinances. In the current environment where the costs of raw materials and professional services outpace the growth of revenue streams, many projects face financial risks and challenges over the project's life. Despite this, Metro is aware of the promises embodied in the Ordinances and is advancing the rail and bus transit project delivery through various planning and construction stages. Metro adapts to market conditions through early intervention to contain risks and costs, collaborating on alternative delivery methods, segmenting deliveries of the project alignment, and improving coordination with third parties and other stakeholders. Federal and state grants are aggressively pursued on shovel-ready projects and considering bond issuance when needed.

In the FY25 Proposed Budget, the TID Program totals \$1,964.9 million, a cashflow reduction of 21.3% from FY24, which reflects the various stages the projects are in. The Airport Metro Connector, A Line to Pomona, and Purple Line Extension Section 1 are winding down toward completion. The East San Fernando Valley Light Rail, G Line Improvements, and North Hollywood to Pasadena Bus Rapid Transit (BRT) are in their early construction phase which tends to have less cash flow demand. While the overall program budget cashflow is decreased the projects in the planning phase continue to advance through various stages, as evidenced by the 62.4% growth from \$217.0 million in FY24 to \$352.4 million in the FY25 Proposed Budget. Mindfully and purposefully, Metro steadily advances towards project delivery for better mobility within Los Angeles County.

## Regional Allocations and Pass-Throughs

The FY25 Proposed Budget includes \$2.1 billion in Regional Allocations and Pass-Throughs funding distributed to regional transit partners and municipalities for local transportation needs. This program is directly tied to locally imposed and collected sales taxes. Metro also serves as the Regional Transportation Planning Agency (RTPA) for Los Angeles County to provide oversight and distribute local, state, and federal pass-throughs grants.

## Transit/Operations

### Transit Operations Plan

The Board-approved service plan is the foundation for estimating all costs required to operate our system for the coming fiscal year. This plan outlines the number of Revenue Service Hours (RSH) planned for the year. In FY25, Transit Operations intends to deliver more service hours than the current year-end estimated actual hours. Metro will deploy the resources needed to improve our customer riding experience and increase service to

above pre-pandemic levels. Service will consist of 8.8 million (RSH) of bus and rail service, a 5.3% increase over the FY24 estimated actual hours. Total service includes:

- Bus 7.2 million RSH
- Rail 1.4 million RSH
- Metro Micro 272 thousand RSH

The bus service plan continues transforming through NextGen, creating an all-day, faster, more frequent, and reliable network. Efforts will continue to expand bus lanes and implement speed and reliability improvements. Rail service will meet a significant milestone with the LAX/ Metro Transit Center opening connecting to Los Angeles International Airport (LAX) and the addition of the Aviation/Century station. Other rail improvements include a full-year operation of enhanced frequencies:

- 8-minute peak/10-minute off-peak/weekends on the A and E Lines
- Continued 10-minute daytime frequency on the C and K Lines
- Launch of a new operating plan on the C Line (Norwalk-LAX) with an improved weekday peak frequency of 8 minutes
- The 10-minute daytime frequency will be scheduled on the B and D Lines
- Increased frequency, particularly during off-peak hours.

Pre-revenue service testing will also begin on the K Line (Crenshaw /LAX), D Line Extension Section 1(PL1), and A Line Pomona extension in anticipation of revenue service in the near future.

Extension of the Metro Micro pilot program will allow an additional ride-hail option to serve riders needing short trips after transit rides to get to their destinations.

#### Total Bus Investment

Metro prioritizes bus investment beyond the Transit Operations and Maintenance program and service level. Bus investments include the cost of operations and maintenance, NextGen initiatives, capital improvements, construction and planning efforts, and affordability/accessibility items like the LIFE program. The following table and Appendix VI show the FY25 Proposed Budget of \$2.2 billion in total bus investments.

	<b>Bus Investments</b> (\$ in millions)	<b>FY24</b> <b>Budget</b>	<b>FY25</b> <b>Proposed</b>	<b>\$</b> <b>Change</b>	<b>%</b> <b>Change</b>	<b>% of</b> <b>Total</b>
1	Bus Operations & Maintenance	\$ 1,533.0	\$ 1,754.8	\$ 221.8	14.5%	78.6%
2	Bus NextGen	49.6	44.6	(5.0)	(10.1)%	2.0%
3	Bus Capital Improvements	140.4	159.6	19.2	13.7%	7.1%
4	Bus Transit Construction & Planning	151.6	246.8	95.2	62.8%	11.1%
5	LIFE Program (Bus)	25.4	27.1	1.7	6.7%	1.2%
6	<b>Bus Investments Total</b>	<b>\$ 1,900.0</b>	<b>\$ 2,232.9</b>	<b>\$ 332.9</b>	<b>17.5%</b>	<b>100.0%</b>

Note: Totals may not add up because of rounding.

*Operations and Maintenance*

Operations and Maintenance of bus service totals \$1,754.8 million and includes costs to enhance the customer experience, such as investments in public safety, Transit Ambassadors, Homeless Outreach, Customer Care Call Center, and materials and staffing for system cleanliness.

*NextGen Initiatives*

NextGen bus improvements continue this year with a budget of \$44.6 million. This is a slight reduction from last year as projects are completed, and progress has been made on the All-Door Boarding, Transit Signal Priority, and Speed Improvement/Headway Management items.

*Capital Improvements*

Capital Investments represent \$159.6 million in total expenditures for Division and Facility improvements, including Zero-Emission Bus (ZEB) purchases, building the corresponding charging infrastructure, performing scheduled bus midlife work, and replacing the ATMS II.

*Transit Construction & Planning*

Metro is adding \$95.2 million for transit construction and planning. This includes a significant increase to G Line BRT Improvements, the North Hollywood to Pasadena BRT Connector, and the Vermont Transit Corridor to improve mobility, speed, and reliability throughout the region.

*LIFE Program (Bus)*

The LIFE program for bus is increasing by 6.7% to \$27.1 million this year to continue supporting Metro’s low-income riders by making the system affordable and accessible.

Metro is expanding the Station Experience initiative at Westlake/MacArthur Park to more stations. Because this initiative was highly effective in reducing crime and loitering, the CEO established a “station experience” team for the expansion. Station improvements include lighting, ventilation, fare gates, cameras, elevators/escalators, and restrooms. Pershing Square, Compton, Firestone, Harbor Freeway, Lake, Norwalk, and Pico are the stations slated for upgrades. The FY25 Proposed Budget includes \$9.9 million to expand this initiative.

### Cleaning

The FY25 Proposed Budget includes \$255.4 million for comprehensive cleaning activities, reflecting a 14.4% increase over FY24. This includes adding 165 new staff deployed for cleaning regimes seven days a week. A “Room-to-Work” program also continues, supporting up to 50 unhoused riders and other individuals, giving them custodial career opportunities.

	Area (\$ in thousands)	FY24 Budget	FY25 Proposed	\$ Change	% Change
1	Buses	\$ 75,230.4	\$ 79,807.4	\$ 4,577.1	6.1%
2	Trains	32,169.1	39,692.4	7,523.3	23.4%
3	Facilities	30,475.8	29,945.4	(530.4)	(1.7)%
4	Stations	80,668.7	91,719.8	11,051.1	13.7%
5	Stops	4,265.7	4,298.8	33.2	0.8%
6	Station Experience	355.3	9,930.0	9,574.7	2695.1%
7	<b>Area Total</b>	<b>\$ 223,165.0</b>	<b>\$ 255,393.9</b>	<b>\$ 32,228.9</b>	<b>14.4%</b>

Note: Totals may not add up because of rounding.

### *Bus Cleaning*

The FY25 Proposed Budget outlines a comprehensive plan for daily bus cleaning across 4 terminals. The terminals slated for cleaning include Terminal 17 (Maple Lot), Terminal 19 (El Monte), Terminal 26 (Washington/Fairfax), and Terminal 28 (18th St).

### *End of Line Rail Car Cleaning*

“End-of-Line” cleaning expansion is planned for the following nine (9) terminals: B/NoHo, D/Wilshire and Western, E/Downtown Santa Monica, E/Atlantic, K/Westchester/Veteran, C/Redondo Beach, C/Norwalk, A/Downtown Long Beach, and A/APU/Citrus College. Coverage will increase from 5 to 7 days to ensure thorough cleaning of rail cars during revenue service and at rail yards. Advanced deep-cleaning protocols will elevate cleaning standards.

### *Transit Centers and Rail Station Cleaning*

“Hot Spot” cleaning enhancements are planned for the following seventeen (17) stations: Compton, Downtown Long Beach, Firestone, Slauson, Norwalk, Harbor Freeway, Sierra

Madre Villa, Lake, Soto, Allen, Mariachi, Downtown Santa Monica, Harbor Gateway Transit Center (J/Silver Line), Pacific Coast Highway (J/Silver Line), 37th St/USC (J/Silver Line), Terminal 19 (El Monte Transit Center), and Terminal 27 (Los Angeles International Airport Transit Center).

### *Facilities Cleaning*

Our customers' first perception of the Metro system is the condition of its facilities, which must, therefore, be kept clean and well-maintained. Facilities Maintenance staff and contractors clean rail stations and bus terminals, remove graffiti, clean debris and vegetation growth on rail rights of way, and perform power sweeping at rail stations and bus/rail divisions.

### Public Safety

Metro continues to implement a comprehensive, multilayered public safety strategy, essential for enhancing public safety in our system. The law enforcement presence will be supplemented with additional Street Team and Community Intervention Specialists in the Transit Ambassador program to ensure appropriate resources are deployed to address specific issues on our system. The FY25 Proposed Budget includes \$354.1 million in public safety resource deployment, as described below.

### *Transit Ambassadors*

The pilot program will continue to deploy trained personnel to Metro's vehicles, facilities, and transit terminals.

### *Homeless/Mental Health Outreach*

Partnerships with the Los Angeles County Department of Health Services (DHS)' multi-disciplinary teams, including Projects for Assistance in Transition from Homelessness (PATH), to provide resources to the system, and the Department of Mental Health Services (DMH) to bring mental health crisis response teams (MCOT) onto the system to address mental health needs. Short-term shelters and social work internship programs are also included.

### *Metro Transit Security*

An additional 53 Metro Transit Security personnel are included to support weekend and late-night system coverage to enhance a security presence.

### *Private Security and Law Enforcement*

Private Security remains at the FY24 Budget level, and Law Enforcement is based on the current FY24 total multi-Agency deployment.

	Public Safety Resource Deployment (\$ in millions)	FY24 Budget	FY25 Proposed	\$ Change	% Change
1	Transit Ambassador Program <sup>(1)</sup>	\$ 23.5	\$ 33.3	\$ 9.8	41.8%
2	Homeless/Mental Health Outreach	25.2	25.2	(0.1)	(0.2)%
3	Metro Transit Security <sup>(2)</sup>	50.9	57.9	7.1	13.9%
4	Private Security	43.5	43.6	0.1	0.3%
5	Law Enforcement	175.8	194.1	18.3	10.4%
6	<b>Public Safety Resource Deployment Total</b>	<b>\$ 318.9</b>	<b>\$ 354.1</b>	<b>\$ 35.2</b>	<b>11.0%</b>

Note: Totals may not add up due to rounding.

<sup>(1)</sup> Includes Transit Ambassadors (\$23.7 million), Community Intervention Specialists (CIS) (\$9.3 million), and expansion of the Ambassador breakrooms and deployment sites (\$0.3 million) in FY25.

<sup>(2)</sup> Includes salary, fringe benefits, workers' compensation, and other indirect costs.

Fare Programs (Free, Discounted/Subsidized)

Fare Capping, GoPass, Low Income Fare Is Easy (LIFE), and the Mobility Wallet reflect Metro’s commitment to connecting low-income Angelenos with various transportation resources to expand access to opportunity and foster a more integrated mobility landscape. These programs eliminate or reduce the cost barriers. The table below summarizes the number of free rides taken from these programs in the first half of FY24.

	Fare Programs (# of free rides in millions)	FY24 Half Year
1	Fare Capping	1.5
2	GoPass	5.9
3	LIFE	2.8
4	<b>Fare Programs Free Rides Total</b>	<b>10.2</b>

*Fare Capping*

Fare capping on Metro has shown positive results in its initial six months and indicates that frequent Metro riders save money with fare capping. Under the pay-as-you-go model, customers have saved over \$1.2 million by reaching their fare caps rather than paying upfront for monthly passes.

*GoPass*

The GoPass program, now in pilot Year 3, currently has 350,059 unique GoPass participants, 25.0% of 1.4 million eligible students in participating districts. GoPass boardings demonstrate a positive trend, with a 15.0% increase in boardings, demonstrating the program's success in facilitating student mobility and contributing to a greener environment by promoting public transit. Metro continues partnering with schools in back-to-school and on-campus registration events to boost program enrollment. For Year 3 of GoPass, Metro focuses on positioning GoPass as an all-access pass for students to travel across Los

Angeles County, anywhere, anytime. Currently, 124 districts (public schools, charter schools, private schools, adult/vocational/ and community college districts) participate in the program. Metro staff will continue their efforts to enroll more schools in the program.

### *LIFE*

The LIFE program helps reduce transportation costs for low-income customers and advances social and economic mobility for economically disadvantaged individuals. Metro has streamlined and enhanced the LIFE program, resulting in a more accessible and seamless application and enrollment process. The program now has over 309,959 LIFE participants. LIFE boardings continue to grow as customers participate in the program, ride the system, and utilize LIFE subsidies. During the first half of FY24, LIFE free boardings totaled 2.8 million.

Metro continues to collaborate with community-based organizations and local government agencies, including the County and City of Los Angeles, to assist with mass program promotion, outreach, and referral. Metro is pursuing high-touch opportunities to facilitate co-enrollment for low-income clients of County public agency service providers. This includes partnering with the Department of Public Social Services (DPSS) to offer enrollments at 27 DPSS offices.

### *Mobility Wallet Pilot*

The pilot is completing the first year of phase 1 with 1,000 residents in South Los Angeles, and it plans to launch phase 2 in the summer of 2024. Participants have used the Mobility Wallet to take a diverse set of trips, which include:

- Bus and rail trip purchases
- Ride-hailing, taxi, and Access services trips
- Trips on Metrolink, Amtrak, Greyhound, Flix Bus, Metro Bike Share, shared scooters, Blue LA car share, and other transportation services

Metro's fare programs demonstrate our equity-focused approach to supporting free or reduced transit by subsidizing the costs for needy individuals, making transit more accessible and attractive.

# Resources

	Resources (\$ in millions)	FY24 Budget	FY25 Proposed	\$ Change	% Change
1	<b>Sales Tax, TDA and STA/SB1 Revenues</b>				
2	Proposition A	\$ 1,200.0	\$ 1,156.0	\$ (44.0)	(3.7)%

17	Grant Reimbursements <sup>(3)</sup>	\$ 1,735.0	\$ 1,472.4	\$ (262.6)	(15.1)%
18	Bond Proceeds & Prior Year Carryover <sup>(4)</sup>	1,667.9	1,623.6	(44.3)	(2.7)%
19	<b>Capital and Bond Resources Subtotal</b>	<b>\$ 3,403.0</b>	<b>\$ 3,096.0</b>	<b>\$ (306.9)</b>	<b>(9.0)%</b>
20	<b>Resources Total</b>	<b>\$ 9,348.4</b>	<b>\$ 8,949.1</b>	<b>\$ (399.2)</b>	<b>(4.3)%</b>

Note: Totals may not add up because of rounding.

<sup>(1)</sup> Refer to the Regional Transit Allocations Chart for STA and SB1 allocation details.

<sup>(2)</sup> Other Revenues includes bike program revenues, park and ride revenues, lease revenues, vending revenues, film revenues, Service Authority for Freeway Emergencies (SAFE) revenues, county buy down, auto registration fees, transit court fees, CNG credits, Measure W revenues, investment income and other miscellaneous revenues.

<sup>(3)</sup> Includes grant reimbursement of preventative maintenance, operating capital, highway capital and construction costs.

<sup>(4)</sup> Represents use of bond proceeds and sales tax revenues received and unspent in prior years.

Local sales tax and Transportation Development Act (TDA) revenues are projected to be \$5.2 billion, a \$198.0 million, or 3.7%, decrease from the FY24 Budget. Metro uses multiple approaches and sources to project and validate estimated sales tax revenues, including an economic sector model, regression analysis, long and short-term historical receipts, and leading professional financial forecasting sources like the University of California, Los Angeles (UCLA) and Beacon Economics. Current projections of sales tax revenues for FY24 are below budget; as a result, FY25 proposed revenues are also expected to be lower.

State Transit Assistance (STA) and Senate Bill 1 (SB1) revenues for bus and rail operations and capital in FY25 are expected to be \$279.7 million region-wide, representing a 30.3% increase from the FY24 Budget based on State Controllers' Office (SCO) estimates.

## Summary of Resources

## FY25 Proposed Budget Book

Fare revenues are expected to come in at \$174.6 million, an 18.9% increase from the FY24 Budget. The FY25 fare revenue projections are based on estimated year-end actuals, the implementation of fare capping, the suite of fare changes, and a modest 3% increase in ridership. This reflects a gradual return-to-office trend for telecommuters and continuing improvements in customer experience initiatives.

ExpressLanes toll revenues are expected at \$81.7 million in FY25, including usage and violation fees from the existing I-10 and I-110 operating segments. Advertising revenues of \$27.2 million are expected in FY25, a slight decline from the FY24 Budget of \$27.7 million, as corporate sponsorship revenues are unknown at this time. Other revenues are expected to come in at \$88.0 million in FY25, a 3.2% decrease from the FY24 Budget, and include bike program revenues, park and ride revenues, lease revenues, vending revenues, film revenues, Service Authority for Freeway Emergencies (SAFE) revenues, county buydown, auto registration fees, transit court fees, Compressed Natural Gas (CNG) fuel credits, Measure W revenues, investment income, and other miscellaneous revenues.

Metro's grant revenues are expected to be \$1,472.4 million in FY25, a decrease of 15.1% from FY24. This is primarily due to Federal Capital Investment Grant (CIG) funds for Westside Purple Line construction. The Federal government advanced CIG payments to Metro in FY24, leaving a small remainder to complete their contribution in FY25. As a result, grants for this project declined by \$445 million from FY24 to FY25. Excluding this project, total grants are projected to increase.

Bond proceeds and carryover funds are projected to be \$1,623.6 million in FY25, a 2.7% drop from FY24, reflecting slightly reduced needs for these funds.

Appendix VIII provides a table showing eligibility and allocations of Metro Operations, State of Good Repair, and Transit Infrastructure Development resources.

36	<b>Congestion Management Total</b>	<b>\$ 130.7</b>	<b>\$ 124.4</b>	<b>\$ (6.3)</b>	<b>(4.8)%</b>
37	<b>Debt Program Total<sup>(2)</sup></b>	<b>\$ 489.8</b>	<b>\$ 497.3</b>	<b>\$ 7.5</b>	<b>1.5%</b>
38	<b>Oversight and Administration Total</b>	<b>\$ 84.3</b>	<b>\$ 90.2</b>	<b>\$ 5.9</b>	<b>7.0%</b>
39	<b>Grand Total</b>	<b>\$ 9,348.4</b>	<b>\$ 8,949.1</b>	<b>\$ (399.2)</b>	<b>(4.3)%</b>

Note: Totals may not add up because of rounding.

<sup>(1)</sup> Metrolink's FY25 Proposed Budget is preliminary, pending the transmittal of Metrolink's official budget request.

<sup>(2)</sup> Total budget for Debt Program includes all debt service cost (in Debt Service section) plus investment and debt management cost of \$3.6 million in FY24 and \$3.5 million in FY25.

The Transit Infrastructure Development program includes transit infrastructure expansions and improvements specified in the Measure R and Measure M Ordinances. The project development activities are divided into planning and construction phases, with the budget reflecting the annual increments of these phases. Typically, the planning phase begins with a feasibility study, followed by alternative analyses, leading to environmental clearance and a Locally Preferred Alternative (LPA) selection. Once the LPA is determined, the project is constructed and handed over to Operations for revenue service. The FY25 Proposed Budget stands at \$2.0 billion. It allocates \$352.4 million, or 17.9% of the program, to the planning phase and \$1.6 billion, or 82.1%, to the construction phase.

#### A Line (Gold) Foothill Extension

A Line (Gold) Foothill Extension will extend rail service to the east beyond the current endpoint of the A Line in Azusa, expanding travel options and access to opportunities in the San Gabriel Valley. The Glendora to Pomona segment is currently under construction, with a targeted substantial completion of the extension to Pomona planned for 2025. The FY25 Proposed Budget of \$146.7 million will facilitate construction work on tracks, stations, and systems and preparations for revenue services.

#### Airport Metro Connector

The Airport Metro Connector is a station hub at Aviation Blvd/96th Street on the K Line. It will facilitate quicker and smoother transfers to the Los Angeles International Airport (LAX) and Metro Transit networks and offer a direct connection to the future LAX Automated People Mover. This hub will include a light rail station, bus plaza, bicycle parking, customer service center, and passenger pick-up and drop-off area. The \$143.5 million proposed budget supports construction and system integration activities.

#### D Line (Purple) Extension

The D Line (Purple) Extension includes three sections of the subway extension westward from the current terminus of the Wilshire/Western station, adding seven new stations and a reliable, high-speed connection between downtown and the Westside. Additionally, the B/D Line vehicle portal widening and turnback facility is currently in construction, facilitating the headway improvements for the entire D Line (Purple). The \$694.7 million proposed budget supports the continued construction activities along the 9.1-mile subway extension and preparations for revenue services for Sections 1 and 2. The Revenue Service Dates for Sections 1, 2, and 3 are slated for 2025, 2026, and 2027, respectively.

#### East San Fernando Valley Light Rail

The East San Fernando Valley Light Rail Transit Project will improve connections and access to crucial destinations while connecting transit users to the growing network in the San Fernando Valley. The project is being built in two segments. The south segment spans a 6.7-mile stretch between the G Line (Orange) Van Nuys station to San Fernando Road in

**Transit Infrastructure Development**

**FY25 Proposed Budget Book**

Pacoima, with 11 new transit stations and a new maintenance and storage facility as the first segment to be built. The \$281.3 million proposed budget supports right-of-way acquisition, advanced utility relocation, and construction activities.

G Line (Orange) BRT Improvements

The G Line (Orange) BRT Improvements will provide better transit service in the San Fernando Valley area, grade separations on major streets, better signal priority technology, electric bus connectivity, and a four-quad gating system at intersections for faster trips. The \$106.8 million proposed budget supports property acquisitions, early site work and potholing, and other construction activities.

Southeast Gateway Line

The Southeast Gateway Line, formerly the West Santa Ana Branch, is a new light rail transit route connecting southeast Los Angeles County to Downtown Los Angeles (DTLA). The project was renamed through a community-driven campaign to reflect better the communities it serves. Slauson A (Blue) Line to Pioneer Station, the Locally Preferred Alternative identified by the board, spans 14.5 miles, encompassing nine stations and one maintenance and storage facility. The FY25 Proposed Budget of \$136.8 million supports essential activities, including right-of-way acquisitions, early construction works, community outreach efforts, a separate study to evaluate options for connecting from Slauson/A Line to Union Station, and more.

	Transit Infrastructure Development (\$ in millions)	Forecasted Expenditures Through FY24 <sup>(1)</sup>	FY25 Proposed	Life of Project
1	<b>Transit Expansion</b>			
2	<b>Transit Construction</b>			
3	<b>Rail</b>			
4	A Line (Gold) Foothill Extensions 2A & 2B	\$ 2,012.2	\$ 146.7	\$ 2,345.1

12	G Line (Orange) Bus Rapid Transit (BRT) Improvements	136.4	106.8	149.7
13	North Hollywood to Pasadena BRT	76.9	114.4	-
14	<b>Systemwide<sup>(2)</sup></b>	-	63.5	-
15	<b>Transit Construction Subtotal</b>	<b>\$ 17,406.5</b>	<b>\$ 1,612.5</b>	<b>\$ 20,796.7</b>
16	<b>Transit Planning<sup>(3),(4)</sup> Subtotal</b>	<b>\$ 594.3</b>	<b>\$ 352.4</b>	<b>\$ 29.7</b>
17	<b>Transit Infrastructure Development Total</b>	<b>\$ 18,000.9</b>	<b>\$ 1,964.9</b>	<b>\$ 20,826.4</b>

Note: Totals may not add up because of rounding.

<sup>(1)</sup> Forecasted expenditures through FY24 equal actual expenditurea through FY23 plus FY24 Budget.

<sup>(2)</sup> Annually funded.

<sup>(3)</sup> No Board LOP during the planning phase except for Eastside Light Rail Access Phase 3. All other projects are funded on an annual basis.

<sup>(4)</sup> E Line Eastside LRT Phase 2, C Line (Green) Extension, Southeast Gateway Line, and the Sepulveda Corridor are included in this category. Refer to Appendix III for a detailed list of Transit Planning projects.

Metro Transit is comprised of the Bus and Rail Operations and Maintenance (O&M) program (O&M) and the Capital Improvement Program (CIP). The FY25 Proposed Budget is based on the service plan to determine the resources required to operate the system and upgrade and maintain transit assets. Metro's top priority for this budget is to support safe and reliable service, and all budget requests are evaluated to support these priorities.

### Metro Transit Expenditures

The FY25 Proposed Budget for the Metro Transit Program (O&M and CIP) totals \$3,178.5 million, reflecting a \$259.8 million increase, or 8.9%, from the FY24 Budget. This allocation includes operations, maintenance, and support resources necessary to deliver transit services. The CIP budget prioritizes maintaining and modernizing transit assets to ensure high-quality service.

	<b>Metro Transit</b> (\$ in millions)	<b>FY24</b> <b>Budget</b>	<b>FY25</b> <b>Proposed</b>	<b>\$</b> <b>Change</b>	<b>%</b> <b>Change</b>
1	Operations & Maintenance (O&M)	\$ 2,379.4	\$ 2,651.7	\$ 272.3	11.4%
2	Capital Improvement Program (CIP)	539.4	526.8	(12.6)	(2.3)%
3	<b>Metro Transit Total</b>	<b>\$ 2,918.7</b>	<b>\$ 3,178.5</b>	<b>\$ 259.8</b>	<b>8.9%</b>

Note: Totals may not add up because of rounding.

### Metro Transit - Operations & Maintenance (O&M)

The program goal is to attract and retain riders by delivering best-in-class service. Metro will achieve this by continuing NextGen improvements, enhancing service reliability, and improving service frequency while prioritizing accessibility and affordability of transit.

The FY25 Proposed Budget for O&M totals \$2.7 billion, an increase of 11.4% or \$272.4 million over the FY24 Budget, as shown in the table below.

	<b>Metro Transit - Operations</b> (\$ in millions)	<b>FY24</b> <b>Budget</b>	<b>FY25</b> <b>Proposed</b>	<b>\$</b> <b>Change</b>	<b>%</b> <b>Change</b>
1	Bus	\$ 1,533.0	\$ 1,754.8	\$ 221.8	14.5%
2	Rail	806.2	855.0	48.8	6.1%
3	Metro Micro (Microtransit)	40.1	41.9	1.8	4.4%
4	<b>Metro Transit - Operations Total</b>	<b>\$ 2,379.3</b>	<b>\$ 2,651.7</b>	<b>\$ 272.4</b>	<b>11.4%</b>

Note: Totals may not add up because of rounding.

The FY25 Proposed Budget reflects a 4% annual wage increase and other increases for the represented union group SMART, per its Collective Bargaining Agreement (CBA). Wage increases for AFSME, ATU, TCU, and Teamsters are not included in the FY25 Proposed Budget as they are pending the conclusion of CBA negotiations.

The Bus and Rail O&M budget, excluding Metro Micro, totals \$2,609.8 million, an increase of 11.6% or \$270.6 million over the FY24 Budget. Labor constitutes 56.6% of this budget,

from which most of the increases (\$117.0 million) stem. Parts and supplies to support additional preventive maintenance activities are increasing by \$9.2 million. CNG fuel and Propulsion Power expenses are rising by \$3.9 million, mainly due to increased costs in the CNG fuel market. Contract and professional services are increasing by \$48.7 million to perform contracted facilities maintenance and other services. Other Operating Expenses are increasing by \$8.4 million, covering utilities, insurance, workers' compensation, Purchased Transportation, and contracted bus service subsidies. Additionally, the FTA-approved burden rate allocation is increasing by \$83.5 million based on labor costs.

	Bus & Rail (\$ in millions)	FY24 Budget	FY25 Proposed	\$ Change	% Change	% of Total
1	Labor	\$ 1,361.1	\$ 1,478.1	\$ 117.0	8.6%	56.6%
2	Parts & Supplies	109.3	118.4	9.2	8.4%	4.5%
3	CNG Fuel/Propulsion Power	91.6	95.5	3.9	4.3%	3.7%
4	Contract/Professional Services	430.6	479.2	48.7	11.3%	18.4%
5	Other Operating Expenses	191.3	199.7	8.4	4.4%	7.7%
6	FTA Cost Allocations	155.4	238.9	83.5	53.8%	9.2%
7	<b>Bus &amp; Rail Total<sup>(1)</sup></b>	<b>\$ 2,339.3</b>	<b>\$ 2,609.8</b>	<b>\$ 270.6</b>	<b>11.6%</b>	<b>100.0%</b>

Note: Totals may not add up because of rounding.

<sup>(1)</sup> Metro Micro budget not included in FY24 and FY25 operating costs.

### Metro Transit - Capital Improvement Program (CIP)

The Metro Capital Improvement Program (CIP) budget focuses on maintaining, upgrading, and modernizing assets and infrastructure to ensure the transit system has state-of-the-art equipment and peripheral systems to provide high-quality service. Capital asset improvements within this budget include implementing new technologies, rolling stock purchases and modernization, station improvements, and more to enhance the customer experience while improving safety and reliability.

The CIP program includes projects to achieve the Board's goal of attaining a zero-emissions fleet. The plan consists of the continued procurement of approximately 100 zero-emissions 40' Battery Electric Buses (BEB) and related electric charging infrastructure, as well as payment for final acceptance of the remaining replacement Light Rail Vehicle (LRV) and purchases of Heavy Rail Vehicles (HRV). Other projects include resources for scheduled bus and rail vehicle maintenance, wayside system repairs and upgrades, facilities improvements, technology projects, and maintenance upgrades for regional infrastructure throughout the transit system.

The FY25 Proposed Budget for CIP is \$526.8 million, which is \$12.5 million or 2.3%, lower than the FY24 Budget primarily due to the upcoming completion of the Rail-to-Rail project, Metro Center Street project, and the P2050 LRV midlife overhaul. The \$526.8 million

reflects the FY25 cash flow required to deliver the projects. FY25 milestones and deliverables include the following.

- Receiving 40’ Battery Electric Bus deliveries
- Final acceptance of remaining P3010 LRVs, heavy rail testing, and evaluation of the first vehicles delivered
- LRV and HRV midlife modernization projects designed to prevent vehicle failures and increase operational performance
- Continue significant rail improvements and maintenance at rail facilities and right-of-way, focusing on track system and circuit refurbishments, Overhead Catenary System (OCS) inspection/refurbishment, tunnel corrosion mitigation, and replacement of mainline fasteners
- Significant investments in customer relations-related technology such as Ticket Vending Machine (TVM) software and hardware upgrades, Enterprise Asset Management System (EAMS) replacement, and other backend customer experience support system upgrades
- Expanded “Station Experience” strategies to include lighting, ventilation, fare gates, cameras, elevators/escalators, and restrooms throughout Metro stations and transit centers. Work will be site-specific upon further evaluation.
- Regional projects include Transit Signal Priority (TSP) upgrades and expansion, Video Management Security (VMS) Intelligence System, and Advanced Transportation Management System (ATMS) Bus System Replacement

Note: Totals may not add up because of rounding.

The Regional Allocations and Pass-Throughs Program allocates resources to regional partners to address their local transportation needs. This program is directly tied to locally imposed and collected sales taxes and Metro's oversight and distribution of local, state, and federal pass-throughs grant funding. The program includes:

- Pass-throughs funding allocated to local jurisdictions and municipal and local transit operators through Local Agency Programs (e.g., Local Return) and Regional Transit Funding (e.g., Transit Formula Fund Allocations and Access Services, which is federally mandated by the Americans with Disabilities Act).
- Pass-throughs funding for Major Projects being implemented by local agencies, including the Alameda Corridor East Grade Separation Phase II, Antelope Valley Metrolink Line Projects, Inglewood Transit Connector, and Sankofa Park.
- Grants allocated to local agencies through Other Local Programs such as the Congestion Reduction Demonstration (CRD), Toll Revenue grant program, Open Streets grant program, Active Transportation Program (ATP), Federal Pass-Throughs, and the Transit Oriented Development (TOD) grant initiative.

The FY25 Proposed Budget for this program is \$2.1 billion, a decrease of \$6.8 million, or 0.3% over FY24. The decline is primarily due to reductions in programs tied to sales tax revenues, which are projected to be lower in FY25 (see Resources section), and multi-year grant-funded projects requiring less funding due to their progression. Other subprograms such as Major Projects, Access Services, and LIFE are projected to increase in FY25, dampening the decline in the program budget compared to FY24. The FY25 Proposed Budget for Regional Allocations and Pass-Throughs is summarized in the table below.

Regional Allocations and Pass-Throughs

FY25 Proposed Budget Book

Regional Allocations and Pass-Throughs (\$ in millions)		FY24 Budget	FY25 Proposed	\$ Change	% Change
1	<b>Local Agencies</b>

Note: Totals may not add up because of rounding.

<sup>(1)</sup> LIFE stands for Low-Income Fares is Easy, a program established to provide additional fare discounts to eligible low income riders.

**Highway Multimodal Development**

Metro's Highway Multimodal Development Program continues to evolve. Investments in capacity expansion projects continue to decrease year over year as investments increase for ExpressLanes, bus-only lane infrastructure, and community-driven Mobility Improvement Projects along the I-710 North and South corridors. Additionally, in alignment with a Board-directed initiative to incorporate multimodal components into freeway and street projects, new highway projects integrate pedestrian and active transportation features into the design and construction phases.

The Highway Multimodal Development Program differs from the Transit Construction Program in that completed projects represent non-Metro-owned capital assets despite similarities in delivery and construction phases. Metro oversees most highway projects' planning and early engineering phases, then transitions the project to Caltrans to execute right-of-way acquisitions and construction. Upon completion, Highway projects are capitalized as Caltrans assets, with Caltrans assuming primary responsibility for operations and maintenance.

## Highway Multimodal Development

## FY25 Proposed Budget Book

The FY25 Proposed Budget for Highway Multimodal Development of \$599.8 million represents an \$18.3 million or 3.0% decrease over the FY24 Budget. The decrease is primarily attributable to several expansion projects achieving substantial completion or entering the ramp-down phase of construction in alignment with historical spending rates. These decreases are partially offset by the beginning of the construction phase for the I-105 ExpressLanes project and an increase in spending for countywide bus-only lanes and bus infrastructure implementation. Please refer to Appendix IV for a detailed list of Multimodal Highway projects.

Highway Multimodal Development (\$ in millions)		FY24 Budget	FY25 Proposed	\$ Change	% Change
1	Bus Improvements	\$ 28.0	\$ 36.9	\$ 8.9	31.8%
2	Capacity Improvements	185.5	126.4	(59.1)	(31.9)%
3	Express/HOV Improvements	107.2	144.2	37.0	34.5%
4	General Planning	4.8	3.2	(1.6)	(33.3)%
5	Local Subregion/Street/Safety/Op Improvements	269.0	258.7	(10.3)	(3.8)%
6	Property Maintenance	1.2	1.3	0.1	8.3%
7	Traffic Noise Reduction	22.4	29.1	6.7	29.9%
8	<b>Highway Multimodal Development Total</b>	<b>\$ 618.1</b>	<b>\$ 599.8</b>	<b>\$ (18.3)</b>	<b>(3.0)%</b>

Note: Totals may not add up because of rounding.

## Regional Rail

The Regional Rail program consists of Metro's support for Metrolink's operating and capital programs, planning and construction activities for Metro-led regional rail projects, and regional rail corridor and expansion studies. The FY25 Proposed Budget of \$214.0 million represents a \$100.5 million, or 31.9%, decrease from FY24. This decrease is primarily driven by reduced cash flow needs for the Link Union Station project as the project completes a value-engineering process in anticipation of procuring the Construction Manager/General Contractor (CM/GC) contract in FY25, as well as the Rosecrans/Marquardt Grade Separation project which will achieve substantial completion in FY25.

These decreases are partially offset by investments in the construction start for the Doran Street Grade Separation project and segments of the Brighton to Roxford Double Track project, support to complete design activities for the Lone Hill to White Double Track project, preliminary design for the Los Angeles General Medical Center Metrolink Station, and preliminary design efforts for the High Desert Corridor high-speed rail project. Additionally, the Metrolink operating subsidy is forecast to increase in FY25 to support pre-pandemic and enhanced service levels in Los Angeles County.

Regional Rail

Note: Totals may not add up because of rounding.

<sup>(1)</sup> Metrolink's FY25 Proposed Budget is preliminary, pending the transmittal of Metrolink's official budget request.

**General Planning & Programs**

The General Planning and Programming budget encompasses a wide range of activities that support Metro's goal of delivering improved mobility, sustainability, and financial and technical support to Metro's partners throughout Los Angeles County. Activities under this program include long-range and systemwide financial planning and grants management, new and enhanced transportation infrastructure, various aspects of Metro's bike and Active Transportation program, public-private partnerships, unsolicited proposals, sustainability and joint development efforts, and Union Station upgrades.

This year's budget development process primarily considers operational needs and resources, grant availability, developer-funded nature of projects, activities required under federal or state regulatory bodies, and Board-approved system connectivity studies or other mobility initiatives.

The FY25 Proposed Budget of \$228.8 million represents a \$8.6 million, or 3.6%, decrease from the FY24 Budget. Project highlights include the following:

- Bike hubs and locker expansion
- Los Angeles River Bike Path Phase 2 environmental clearance/design and Los Angeles River Bike Path (San Fernando Valley/Los Angeles)
- First/Last Mile planning for Street/Pedestrian Safety Program and Transit to Parks

General Planning & Programs

FY25 Proposed Budget Book

- Funding for the Metro Training and Innovation Center will house educational and job training programs targeting at-risk or underserved youth
- Joint Development 10k Housing, Housing Lab Program, and Transit-Oriented Housing
- Union Station capital improvement projects, including digital signage upgrades, electrical system upgrades, a public safety address system, ticket concourse restroom improvements for ADA compliance, waterproofing, drainage repairs, plumbing system upgrades, and paver replacement
- Unsolicited Proposals/Public-Private Partnership (P3) development work on Mobility Wallet, One Car Challenge, Integrated Event Ticketing, and Travel Rewards Research

20	<b>General Planning &amp; Programs Total</b>	<b>\$ 237.4</b>	<b>\$ 228.8</b>	<b>\$ (8.6)</b>	<b>(3.6)%</b>

Note: Totals may not add up because of rounding.

<sup>(1)</sup> Please refer to the Metro Transit - CIP Project List Appendix V for other operating capital projects that lie within General Planning & Programs.

<sup>(2)</sup> The budget decrease is due to reduced subsidy and cost allocations. The FY25 Proposed Budget is increasing by 9.0% for labor and other controllable expenses.

**Congestion Management**

The program comprises four significant groups: ExpressLanes, Freeway Service Patrol (FSP), Motorist Services, and Rideshare Services. The FY25 Proposed Budget totals \$124.4 million, a decrease of \$6.3 million, or 4.8%, from the FY24 Budget, mainly due to the completion of the Transponder replacement project in FY24.

## Congestion Management

## FY25 Proposed Budget Book

ExpressLanes manages the ongoing operations of the I-10 and I-110 ExpressLanes, supports the planning activities associated with the I-10 ExpressLanes extension, and provides funding for Incremental Transit Services subsidies to support transit operations along both ExpressLanes corridors.

Freeway Service Patrol (FSP) mitigates congestion caused by incidents and assists motorists with disabled vehicles on Los Angeles County freeways. In FY25, FSP will procure new tow service contracts, slightly increasing the budget.

Motorist Services includes the Los Angeles County Service Authority for Freeway Emergency (SAFE) and the Regional Integration of Intelligent Transportation Systems (RIITS). SAFE operates the Kenneth Hahn Call Box Program and the Southern California 511 Traveler Information System. RIITS is a regional program administered by Metro that promotes operational collaboration by collecting, compiling, and sharing data and resources from intelligent transportation systems.

Rideshare Services include Regional Shared Mobility, Transportation Demand Management, and Vanpool Incentives. An increase in the vanpool subsidy in this program is offset by reduced labor due to staff realignments.

	<b>Congestion Management (\$ in millions)</b>	<b>FY24 Budget</b>	<b>FY25 Proposed</b>	<b>\$ Change</b>	<b>% Change</b>
1	ExpressLanes	\$ 61.9	\$ 55.5	\$ (6.4)	(10.4)%
2	Freeway Service Patrol	40.0	40.8	0.8	2.0%
3	Motorist Services	14.7	14.1	(0.6)	(4.1)%
4	Rideshare Services	14.1	14.0	(0.1)	(0.5)%
5	<b>Congestion Management Total</b>	<b>\$ 130.7</b>	<b>\$ 124.4</b>	<b>\$ (6.3)</b>	<b>(4.8)%</b>

Note: Totals may not add up because of rounding.

## Debt Service

Debt financing is a cash management and budget tool Metro uses as a last resort to help deliver projects. Debt issuance is based on cash flow needs and is authorized by applicable Federal and State legislation and local sales tax ordinances. The Board-adopted Debt Policy establishes prudent guidelines for issuing and managing debt following industry best practices and ordinance-specific affordability limits.

As of July 1, 2024, Metro has approximately \$4,853.0 million of outstanding long-term debt. The annual debt service cost in FY25 is estimated at \$493.8 million, an increase of 1.6% over the FY24 Budget of \$486.1 million, according to the debt service schedule. In FY25, it is anticipated that Airport Metro Connector, Westside D Line (Purple) Sections 1, 2, and system integration, the B/ D Line vehicle portal widening and turnback facility, Gold Line Foothill Extension, E Line Eastside Light Rail Phase 2, East San Fernando Transit Corridor, Regional Surface Transportation and Local Traffic System, and various other projects will utilize bond proceeds from the issued debt.

**Oversight and Administration**

**FY25 Proposed Budget Book**

The FY25 Oversight and Administration budget is \$90.2 million, representing 1.0% of the annual budget. This program reflects continuous cost controls and comprises activities such as legal services, ethics compliance, internal investigations, and regulatory environmental assessments, alongside legally mandated financial and compliance audits. Agencywide support functions continue to invest in areas of customer experience to deliver transportation services for Los Angeles’ essential journeys and value the workforce by attracting and retaining the best employee base and diversity, equity, and inclusion.

Continued investments of \$23.3 million are planned to value our workforce, including the Employee Engagement Award Program and for the Records Management Center. Metro also continues to invest in programs such as the Transportation School (SEED LA) and Workforce Initiative Now—Los Angeles (WIN-LA) to create future employment opportunities in our communities. Resources are also allocated to software and hardware license renewals and maintenance support for improved efficiency and performance.

Although most customer experience initiatives are reported in the Metro Transit Program for the FY25 Proposed Budget, \$4.8 million in the Oversight and Administration program is not directly attributed to Metro Bus and Rail mode. These include initiatives to enhance the customer experience through public safety, such as the mystery rider program to support fair and equitable fare compliance, ADA accessibility, and riders with limited English proficiency. Metro also creates a digital roadmap to enhance customer experiences with our technology platforms. Metro continues to explore ways to deliver world-class transportation services through the traffic reduction pilot and a mobility concept plan for the 2028 Olympics.

The Oversight and Administration program has \$2.3 million allocated to diversity, equity, and inclusion. Initiatives include the Equity Advisory Board, Equity Focused Community Toolkit, Equity Information Hub, and the Community-Based Organization (CBO) Partnering Strategy, which will strengthen partnerships between CBOs and Metro. There is continued research into the Workforce Disparity Study and the Universal Basic Mobility and Access to Opportunities project to highlight the importance of transportation to marginalized groups and those living in low-income and Equity-Focused Communities. The Office of Civil Rights, Equity & Inclusion will continue to advance gender equity for women and other diversity efforts such as the Justice, Equity, Diversity, and Inclusion (JEDI) Book Club and Employee Resource Groups.

Note: Totals may not add up because of rounding.

<sup>(1)</sup> Professional services of \$1.1 million in FY24 and \$1.2 million in FY25 for debt service that is included in the Debt Service section is reported as Contract & Professional Services in this table.

## Cost Inflation

The Consumer Price Index (CPI), as measured by the Bureau of Labor Statistics, is projected to increase by 3.0% in FY25 for the Los Angeles area. CPI measures the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services.

The FY25 Proposed Budget reflects a 4% annual wage increase and other articles for the represented union group SMART, per its Collective Bargaining Agreement (CBA). The FY25 Proposed Budget does not yet include wage increases for Metro's four other represented union groups, AFSCME, ATU, TCU, and Teamsters, as collective bargaining is underway. Once CBAs have been established, the FY25 Adopted Budget will be amended. An average 4% performance increase is included for non-represented employees, distributed on a merit-based system.

Health and welfare benefits for represented employees are determined by their respective CBAs. Non-represented employees receive medical and dental benefits at the carrier contract rates previously approved by the Board.

## Areas of Uncertainty

A budget is a plan, and all plans are subject to some degree of uncertainty. Many factors are at play that may impact revenue and expenditure levels during FY25 and require close monitoring and consideration. A few of these risk areas include the following.

- Consumer spending habits for Metro manifest in the form of sales tax revenues
- High inflation erodes consumers' purchasing power, while high housing costs reduce disposable income
- Labor availability and recruitment to fully implement budgeted service levels
- Potential increased borrowing costs during this period of intense infrastructure expansion and rising interest rates
- Rising construction costs are fostered by competing demands for products, services, and raw materials and unplanned changes in capital project scopes and design
- Changes in federal and state grant funding levels for capital and maintenance projects
- Additional initiatives and Board motions without dedicated funding

### Agencywide FTEs

The FY25 Proposed Budget includes 11,283 FTEs, an increase of 400 FTEs from FY24. New FTE additions include 107 Non-Represented FTEs and 293 Represented FTEs. Of the 107 Non-Represented FTEs, 60 are mostly cost-neutral by shifting from temporary to permanent.

New Non-Represented FTEs are in the following areas.

- Mega Project Resource Model: Building knowledge and expanding staff's technical capability on mega projects, handling mega project expansion, and stabilizing existing project delivery schedules (29 FTEs, of which 24 are mostly cost-neutral)
- Enhance the Transit Rider Experience: Public and Community Relations, Art Program, Cleaning, Station Experience Initiatives, PSAC, Fare programs, and TAP specialized technology (23 FTEs, of which 14 are cost-neutral)

**FTEs by Cabinet****FY25 Proposed Budget Book**

- Valuing the Workforce: innovations in recruitment and retention, cross-training, employee safety, pensions, and benefits (19 FTEs, of which 4 are cost-neutral)
- Operational Efficiencies: ITS operational support and data analytics, supply chain management, contract administration, and procurement (13 FTEs, of which 9 are cost-neutral)
- Joint Development and Better Mobility (8 FTEs, of which 5 are cost-neutral);
- Administration, Financial Sustainability, and Legal Compliance: budget management, grants, and legal compliance (7 FTEs, of which 2 are cost-neutral)
- Capital Project Support: NextGen Bus Speed and Reliability, Bus Rapid Transit Studies, Southeast Gateway Line, Cost Control, and FTA Compliance (8 FTEs, of which 2 are cost-neutral)

Represented FTEs are in the following areas.

- Expanded cleaning efforts on Bus and Rail systems, including hot spots and end-of-line (155 FTEs)
- Improve the Station Experience through environmental design and care-first strategies (8 FTEs)
- Provide operational support by aligning security resources to Metro's high-visibility and vulnerable areas with Bus Riding Teams (38 FTEs) and maintaining a presence on the K Line and Regional Connector (15 FTEs)
- Increase efforts to address critical State of Good Repair work for A Line, B Line, C Line, Heavy Rail Mid-Life, and other capital projects (42 FTEs)
- Preventative maintenance work on the bus system (22 FTEs) and rail system (3 FTEs)
- Expansion of TAP Operations Call Center (5 FTEs)
- Logistic support for bus storeroom and rail warehouses (3 FTEs), ITS Divisions support (1 FTE), and Employment Processing Center (1 FTE)

Note: Totals may not add up because of rounding.

<sup>(1)</sup> Includes TDA, STA, SB1, and SAFE revenues in addition to Propositions A and C and Measures R and M sales tax revenues.

<sup>(2)</sup> Federal, State, and Local grants for Regional Rail, Transit Infrastructure Development, Freeway Service Patrol, Pass-Through, and miscellaneous planning projects.

<sup>(3)</sup> The budgetary fund balance represents the estimated net position at the end of FY25. The estimated FY25 fund balance does not cover all existing and known encumbrance/commitments. Refer to Appendix III, line 115, and Appendix V, line 214. The remaining \$3,392.9 million in LOP funds are committed to Board-approved State of Good Repair, Asset Improvement, and Transit Improvement/Modernization projects.

Note: Totals may not add up because of rounding.

- (1) Fare revenues includes \$2.05 million revenues from TAP card sales.
- (2) Other Revenues includes interest income, parking charges, vending revenues, county buy down, transit court and other miscellaneous revenues.
- (3) Includes funding from Sales Tax, General Fund, State Repayment of Capital Project Loans, and State Proposition 1B cash funds.
- (4) Year-to-year changes in overhead distribution reflect changes in overhead allocation approved by Federal funding partners.
- (5) Other Expenses include utilities and credits, taxes, advertisement/settlement, travel/mileage/meals, and training/seminar/periodicals.
- (6) Presentation of expenses on this schedule follow Generally Accepted Accounting Principles (GAAP). In certain cases, this may differ slightly from the Summary of Expenditures tables.
- (7) Capital expenses for operations and construction project planning are combined for reporting purposes and include non-bus and rail items.

Note: Totals may not add up because of rounding.

<sup>(1)</sup> Transit Operations Surplus/(Deficit) is derived by subtracting Other Transit Operations Expenses Total (line 23) from Toll Fares and Other Revenues Subtotal (line 5).

<sup>(2)</sup> Net Tolls are designated for the Metro ExpressLanes Net Toll Revenue Reinvestment Program.

# Appendix I

## Legally Separate Entities

**Public Transportation Services Corporation (PTSC)**

Public Transportation Services Corporation (PTSC) is a nonprofit public benefit corporation. PTSC was created in December 1996 to transfer functions performed by the Los Angeles County Metropolitan Transportation Authority (MTA) and the employees related to those functions to this new corporation. The PTSC conducts essential public transportation activities, including planning, programming funds for transportation projects within Los Angeles County, construction, providing certain business services to the County’s Service Authority for Freeway Emergencies (SAFE) and the Southern California Regional Rail Authority (SCRRA), and providing security services to the operation of the Metro bus and rail systems. PTSC allows the corporation employees to participate in the California Public Employees Retirement System (PERS).

5	<b>Retained Earnings - End of Year</b>	<b>\$ -</b>	<b>\$ -</b>

Note: Totals may not add up because of rounding.

**Service Authority for Freeway Emergencies (SAFE)**

The Los Angeles County Service Authority for Freeway Emergencies (SAFE) was established in Los Angeles County in 1988. SAFE is an independent legal authority created under state law that is responsible for providing motorist aid services in Los Angeles County. SAFE currently operates, manages, and funds:

- The Los Angeles County Kenneth Hahn Call Box System
- SoCal 511 - Mobile Call Box program (motorist aid)
- SoCal 511 Traveler Information System

SAFE receives funding from a dedicated \$1 surcharge assessed on each vehicle registered within Los Angeles County.

Note: Totals may not add up because of rounding.

<sup>(1)</sup> Sales tax is projected to be \$1,156.0 million per ordinance, an increase of 2% over the FY24 reforecasted of \$1,133.0 million.

<sup>(2)</sup> Local Return Subfunds do not show carryover balances. These funds are distributed in the same period received.

<sup>(3)</sup> Consumer Price Index (CPI) of 3.0% represents the average estimated growth rate based on various forecasting sources and historical trends applied to Proposition A discretionary allocated to Included operators.

<sup>(4)</sup> Proposition A 95% of 40% Bus Transit growth over CPI estimate will be used to fund Eligible and Tier 2 operators. The carryover is not shown since it has been converted into Proposition C 40% discretionary to fund various Board-approved discretionary programs.

<sup>(5)</sup> STA Revenue estimates (including SB1/STA) from the State Controller's Office is reduced by 10% for the revenue base and population base shares due to anticipated shortfall of FY25 revenue.
